“Fishing is more than fish...It is the great occasion when we may return to the fine simplicity of our forefathers.”

Herbert Hoover
What got us to where we are today will not get us around the next corner! The fly fishing market and the way we buy tackle today, even groceries has changed forever.

Fishing styles and fly tying techniques have changed significantly, so as progressive hook makers we too need to change ensuring that our hook palette keeps up with modern thinking and fishing techniques.

In this hook guide you will find that we have given even more of the classics an exciting make-over.

You will also be happy to learn that we are once again making hooks, and all of our Waddington and Intruder shanks in England.
Atomic Apache. **Hook Type:** CS16U/2. **Tyed by:** Frank Moors
As always we are trying to keep a balance between the classics and modern patterns. We have updated many of our core hook patterns making them more fish-able - so, with this in mind the new PATRIOT Doubles and Singles are modern interpretations of our classic Bartleets, the M2 and N2 have been updated to increase the length of the point to ensure a better hook set. In 2014 we have introduced a range of barbless Salmon Hooks and we continue the trend of using a black nickel finish so that hooks are sticky sharp to land more fish.

**Singles**

**BOMBER**

**CS42/R**
- Bronze / Down-Eye
- Modified Limerick bend, medium wire forged hook ideal for salmon, sea trout and steelhead dry bomber, wulff, bug and streamer patterns.

**P A T R I O T I N T R U D E R**

**Z4**
- Black Nickel / Up-Eye
- Super sharp beaked point, extra strong forged offset bend with an up-eye. Excellent for a variety of species and techniques. Ideal for Salmon and Steelhead Intruder patterns in combination with our Intruder shanks.

**N O R D I C T U B E S I N G L E**

**NTS**
- Black Nickel / Straight-Eye
- Modified Sproat bend, wide gape, x-strong hook ideal for salmon, sea trout and steelhead tube patterns.

**P A T R I O T S T I N G E R**

**ST**
- Black Nickel / Up-Eye
- Forged round bend, standard wire short shank hook with slight offset and up-eye. Ideal for salmon, sea trout and steelhead tubes or as flying stinger on a waddington shank and other long shank patterns.

**P A T R I O T S T I N G E R B A R B L E S S**

**STB**
- Black Nickel / Up-Eye
- Barbless version of the Stinger hook, forged round bend, standard wire short shank hook with slight offset and up-eye. Ideal for salmon, sea trout and steelhead tubes or as flying stinger on a waddington shank and other long shank patterns.

**C S 1 6 U / 1**
- Black Nickel / Silver/Gold / Up-Eye
- Modified Dublin bend, straight point, forged bend for added strength. Perfect for contemporary salmon and steelhead patterns.

**M 2**
- Black Nickel / Up-Eye
- Modified Limerick bend, heavy-weight forged salmon iron, ideal for traditional salmon and steelhead patterns.

**N 2**
- Black / Up-Eye
- Modified Limerick bend, standard wire long shanked forged salmon iron, ideal for traditional salmon and steelhead patterns.
SALMON & STEELHEAD

Singles continued

Doubles

**NORDIC WET BARBLESS**

SLD4/S  Black Nickel / Straight-Eye
Short-shank pattern combines the strength and hook setting properties of the Nordic Tube Single with the added shank length to enable the fly dresser to make deadly hair-wing patterns.

# 4, 6, 8

**NORDIC DOWN-EYE DOUBLE**

NFD  Black Nickel / Down-Eye
Short shank pattern combining strength and hook setting properties for all waters. Ideal for modern Scandinavian and contemporary hair wing patterns.

# 4, 6, 8, 10

**NORDIC TUBE DOUBLE**

NTD  Black Nickel / Straight-Eye
Strong wide-gaped hook with forged bends and sharp points. Short shank with a fine straight-eye. Ideal for salmon, steelhead and sea trout tube patterns.

# 4, 6, 8, 10, 12

**UP-EYE DOUBLE**

CS16U/2  Black Nickel / Silver / Gold / Up-Eye
Modified Dublin bend, straight point, forged Bartleet bend for added strength. Perfect double for contemporary salmon and steelhead patterns.

# 6, 8, 10, 12, 14

**HEAVY DOUBLE**

P  Black / Up-Eye
Modified Dublin bend, heavy-weight forged iron ideal for traditional salmon, sea trout and steelhead wet patterns.

# 2, 4, 6, 8, 10

**LOW WATER DOUBLE**

Q2  Black / Up-Eye
Modified Dublin bend, medium-weight long-shank hook ideal for traditional salmon, sea trout and steelhead patterns.

# 2, 4, 6, 8, 10
Trebles

**LONG SHANK OUT-POINT TREBLE**

X2B  Black/Silver/Gold / Up-Eye
Long shank treble, with outpoint for greater hooking ability. Great for many salmon treble flies.

# 6, 8, 10, 12, 14, 16, 18, 20

**PATRIOT NORDIC TREBLE**

X7  Black Nickel / Straight-Eye
Wide gape, modified O’Shaughnessy bend with super sharp points. Ideal for salmon, sea trout and steelhead flies or for use with waddington shanks or as a replacement hook on lures.

# 2, 4, 6, 8, 10, 12

**PATRIOT ROUND TREBLE**

X6  Black Nickel / Straight-Eye
Wide gape round bend with super sharp points. Ideal for salmon, sea trout and steelhead flies or for use with waddington shanks or as a replacement hook on lures.

# 2, 4, 6, 8

**SPECIALS**

**WADDINGTON SHANKS**

V1SS  Stainless Steel
Double shanks for Waddington flies and Stinger patterns. Should be matched with appropriate treble hooks or the Stinger hook.

15, 20, 25, 35, 45 mm

**INTRUDER SHANKS**

V2SS  Stainless Steel
Double shank for Intruder and other Waddington patterns when using single and double hooks. Ideal with Partridge Z4 hooks.

15, 25, 35, 55 mm
Cleggs Spring Olive Nymph **Hook Type:** L5A Debarbed. **Tied by:** Darryl Mooney
In the past year we have re-introduced a number of standard and heavy wire classics and continue to modernise the range with the introduction of the Dry Fly Supreme and some classics in a black nickel finish. As this hook guide goes to press we will be changing the sizing on three oversized Partridge classics, 15BN, 15BNX and K12ST - for many years these patterns have confused fly dressers as their sizing did not conform with the standard Redditch scale.

Dry

**DRY FLY SUPREME**

L5A
Standard Wire, Standard Shank Hook with Forged Round Bend and Wide Gape makes this the ideal all purpose dry fly hook.

# 10, 12, 14, 16, 18

**MIDGE SUPREME**

L5A/M
Standard Wire, Standard Shank Hook with Forged Round Bend and Wide Gape makes this the ideal hook for small dry flies and nymphs.

# 20, 22, 24

Nymph/Wet

**SPIDER**

L3A/S
Bronze / Straight-Eye

# 12, 14, 16

**WET HEAVY SUPREME**

G3A/L
Bronze / Down-Eye
Traditional Sproat bend, forged wet hook ideal for lake and river fishing where exceptional strength is required.

# 4, 6, 8, 10, 12, 14, 16, 18, 20

**BIG MOUTH SINGLE**

BMS
Black Nickel / Down-Eye
Wide gaped pattern for heavily dressed patterns like blobs and boobies to retain a wide gape even when fully dressed.

# 8, 10, 12, 14

**NYMPH LONG**

H1A
Bronze / Down-Eye
Captain Hamilton bend, medium wire for large dry flies like mayfly, hoppers and terrestrial imitations.

# 6, 8, 10, 12, 14
Grub/Emerger

**GRUB / SHRIMP DOWN-EYE**

K4A  Bronze / Down-Eye
Ideal for grub, shrimp, curved body and some emerger patterns.

# 8, 10, 12, 14, 16, 18

**GRUB / SHRIMP STRAIGHT-EYE**

K4A/S  Bronze / Slight Down Eye
Ideal for grub, shrimp, curved body and some emerger patterns.

# 12, 14, 16, 18

**KLINKHAMER**

15BN  Black Nickel / Straight-Eye
The original design by Hans van Klinken for tying the world famous Klinkhamer and emerger patterns.

# 6, 8, 10, 12, 14, 16, 18

KLINKHAMER X-TREME

15BNX  Black Nickel / Straight-Eye
Modified 15BN to improve hook-up ratios and dressing proportions for tying Klinkhamers and other emerger patterns.

# 6, 8, 10, 12, 14, 16, 18

**Streamer**

**SEDGE / CADDIS**

K12ST  Black Nickel / Straight-Eye
Standard wire, long shank hook with forged "sweeping" bend for added strength.

# 2, 4, 6, 8, 10, 12, 14, 16, 18

**STREAMER**

D4AF  Bronze / Down-Eye
Wide gape, heavy wire streamer. Suitable for all types of traditional streamer, bucktail and long attractor flies.

# 2, 4, 6, 8, 10

Steel Blue Quill Spider
Hook Type: L345
Tied By: Nik Dahlin
“If hooking and landing trophy fish were easy it wouldn’t be fishing, it would be catching!”
Anon.
Jingler Variant. **Hook Type:** SLD  **Tyed By:** Darryl Mooney.
The recent change to International Competition rules stipulate that only purpose made barbless hooks are to be fished in competitions. Partridge is not a newcomer to this style of hook, having pioneered arrow-points and dropped-points before such hooks became popular. Patriot Barless hooks are designed to be dependable classics with robust points for both competition and serious fisher folk alike. As this hook guide goes to press we will be changing the sizing on two oversized PATRIOT patterns, CZ and CZF - for many years these patterns have confused fly dressers as their sizing did not conform with the standard Redditch scale.

**Dry**

- **FINE DRY**
  - SLD: Black Nickel / Down-Eye Lightweight dry fly hook with beaked surehold-point for an improved hook hold, for dry and emerger fly patterns.
  - Sizes: # 10, 12, 14, 16, 18, 20

- **IDEAL DRY**
  - SUD: Captain Hamilton Bend, with longer shank for upwing and loop patterns. Long straight surehold-point makes for excellent hook setting.
  - Sizes: # 8, 10, 12, 14, 16, 18, 20

- **SPROAT WET**
  - G3AY: An all round wet pattern - the bend is as old as the hills and in combination with our robust points this is a reliable, strong hook for mid-stream patterns.
  - Sizes: # 8, 10, 12, 14, 16

- **PATRIOT IDEAL JIG**
  - SUJ: Black Nickel / In Line-Eye Featuring a wide gape and long straight surehold point to give excellent hook setting properties.
  - Sizes: # 8, 10, 12, 14, 16, 18

**Nymph/Wet**

- **ČECH NYPH**
  - Sizes: # 1, 2, 4, 6, 8, 10, 12, 14, 16, 18

- **EMERGER**
  - CZF: Black Nickel / Down-Eye This pattern is suitable for fine wire nymphs but excels when used for both emergers and Klinkhamers.
  - Sizes: # 1, 2, 4, 6, 8, 10, 12, 14, 16, 18

- **GRUB**
  - K4AY: Black Nickel / Down-Eye Ideal for grub, shrimp, curved body and some emerger patterns.
  - Sizes: # 8, 10, 12, 14, 16

- **CADDIS PUPA**
  - K2BY: Black Nickel / Up-Eye A curved up-eye medium wire hook design, especially effective for shrimp, caddis, pupae and other emerger imitations.
  - Sizes: # 10, 12, 14, 16, 18
Bleeding Mouse. **Hook Type:** CS86 X. **Tyed By:** Pat Cohen
Partridge invented the purpose built predator (Pike) hook and has long worked with experts in the field to research and manufacture the best hooks for the job. There has been a tendency for fishermen to review the title of a hook and to say that it is not suitable as it bears the wrong species on the label. With this in mind in 2014 we have focused on new patterns that take us to the smaller predators like Walleye, Zander, Large-mouth Bass, Small-mouth Bass with a large gape suitable for poppers and bulky patterns for hungry fish.

**Singles**

**Universal Predator**
- **CS86**
  - Black Nickel / Straight-Eye
  - Wide gape, micro-barbed, strong predator hook for all freshwater, estuary and saltwater applications.
  - # 4/0, 2/0, 1/0, 1, 2, 4, 6

**Universal Predator X**
- **CS86X**
  - Black Nickel / Straight-Eye
  - Wide gape, micro-barbed, heavy weight, X-strong predator hook for all freshwater, estuary and saltwater applications.
  - # 8/0, 6/0, 4/0, 3/0, 2/0

**Attitude Streamer**
- **ACS**
  - Black Nickel / Straight-Eye
  - Wide gape microbarbed strong predator pattern with a long shank for all estuary, still water and tidal applications. Ideal for large minnow and hairwing patterns.
  - # 4/0, 2/0, 1, 2

**Attitude Extra**
- **ACSX**
  - Black Nickel / Straight-Eye
  - Wide gape, microbarbed predator hook capable of holding feisty species on still waters, rivers, estuaries and open water. Ideal for hair spinning, minnow and hairwing patterns.
  - # 4/0, 2/0, 1, 2

**Trebles**

**Absolute Predator**
- **CS45**
  - Ad Swier’s design, wide gape, barbless strong predator single hook. Ideal for all freshwater, estuary and saltwater patterns.
  - # 6/0, 4/0, 2/0, 1/0, 1, 2, 4

**Lure Treble**
- **X6/PR**
  - Black Nickel / Straight-Eye
  - Wide gape, round bend for optimum strength. The Short shank and needle points make these ideal replacement trebles to upgrade your favourite lures.
  - # 2, 4, 6, 8

**Rig Treble**
- **X7/PR**
  - Black Nickel / Straight-Eye
  - Wide gape, modified o’shaughnessy bend for extra strength. The long shank and needle points make them ideal for rig making and replacement trebles.
  - # 2, 4, 6, 8, 10, 12
Pro Team member Johan Klingberg conducts his 'flymph' master class.
Fly fishing for saltwater species is becoming more and more popular and as rod construction has improved in recent years this has meant that there are now very few limits to what can be caught on the fly. With this in mind our 2014 range sees the start of a direction change for us to produce contemporary patterns that can meet the extremes that are demanded when fighting big fish. The new range features hooks for traditional patterns and the trend towards tube flies.

Saltwater

- **Saltwater Shrimp**
  - **CS54BN** Black Nickel / Straight-Eye Special hook specifically designed for saltwater shrimp imitations and short streamer patterns.

- **Sea Prince**
  - **CS52** Black Nickel / Straight-Eye Thoroughbred hook for all saltwater species. Smaller sizes suitable for seabass and bone fish and larger sizes for tarpon.

- **Attitude Extra**
  - **ACSX** Black Nickel / Straight-Eye Wide gape, microbarbed predator hook capable of holding feisty species on still waters, rivers, estuaries and open water. Ideal for hair spinning, minnow and hairwing patterns.

- **Sea Beast**
  - **Z60** Black Nickel / Straight-Eye This classic saltwater pattern is both heavyweight and super strong with a forged bend - ideal for shark, barracuda and other large saltwater predator patterns.
Many men go fishing all of their lives without knowing that it is not fish they are after.

Henry David Thoreau
This year we continue to add high quality accessories to our range and urge you to look at them in detail! The swivels are the smallest for their strength that can be found anywhere and the trace wire is as soft and supple as mono.

**Accessories**

**LINE NIPPERS**

LNS
Made from high-grade stainless steel to retain sharp cutting edge these nippers also include a sharp eye needle.

**POWER SWIVELS**

APS
These stainless steel crane swivels are smaller and stronger than conventional brass swivels. Ideal for wary fish and where size matters.

Sizes: 30, 45, 60, 80, 100lb

**49 STRAND LEADER WIRE**

W49
Nylon coated, 49 strand stainless steel wire. Kink resistant and easy to knot. Flexible, sensitive and pliable, yet low stretch wire. Ideal as a strong tippet or as leader wire for all toothy predator applications.

20 / 26 / 40 / 65 / 90lb

**CROSS LOCK SNAPS**

ACLS
Made from stainless steel, these snaps offer great strength at small sizes. A quick and simple way to change tackle on the fly.

Sizes: 25, 40, 50, 75, 100lb

**TIPPET RINGS**

ATR
These rings are very small but very strong. Connect to the end of the leader and no longer will you have to reduce the length of your leader when you're changing tippet. These rings are ideal for use on the river when targeting grayling and wild trout.

Sizes: 1, 2, 3mm

**PIKE FLY LEADER**

PFL
These leaders were specifically designed with Pike and Muskie fly fishermen in mind. It is comprised of a nylon leader knotted to a 26lb steel wire tippet.

26lb
